Trampoline Socks Display

MiFo **custom trampoline grip socks** have been developed specially for the trampoline entertainment market. We bring a level of innovation to this key industry components as there are required performance levels commanded from a specialist grip socks. **Trampoline socks** promote safety and cleanliness within the trampoline park. The high quality traction used on the bottom of our socks provides enough friction to reduce sliding on the trampoline mats. This reduction can decrease the likelihood of accidents. The socks also help control the spreading of germs and bacteria which can be exchanged between bare sweaty feet.

Customized trampoline park socks are a great marketing tool that can be used to promote your park business. Our design team will work with you to establish an exclusive design taht is attractive for young jumpers.
